The District shall pay for the first five days of release time. The Association shall reimburse the District for the cost of the substitute from the sixth through the fortieth day.**
- F. The grievant, witnesses, and one member of the Association Grievance Processing Committee shall be granted release time when necessary to attend a grievance hearing. Whenever possible, hearings will be held after school.**
- G. Organizational Security**
 - 1. A unit member who is a member of the Association or who has applied for membership, may sign and deliver to the District an assignment authorizing deduction of unified membership dues, initiation fees and general assessments in the Association. Pursuant to such authorization the District shall deduct one-tenth of such dues from the**

regular salary check of the unit member each month for ten (10) months. Deductions for unit members who sign such authorization after the commencement of the school year shall be appropriately prorated to complete payments by the end of the school year. Such authorization shall continue in effect from year to year unless revoked in writing. A unit member who revokes his/her authorization for the payroll deduction of member dues or the non-member fee shall transmit such dues or fee to the Association in a manner prescribed by the Association.

2. Any unit member who is not a member of the Association, or who fails to remain a member in good standing of the Association, or who does not make application for membership within thirty (30) days from the date of the effective date of this Agreement, or within thirty (30) days from the date of commencement of assigned duties, shall become a member of the Association or pay to the Association a service fee in an amount equal to unified membership dues, initiation fees and general assessments in one lump sum cash payment; provided, however, that the unit member may authorize payroll deduction for such service fee in the same manner as provided in Paragraph 1 of this Article. In the event that a unit member shall not pay such fee directly to the Association or authorize payment through payroll deductions, as provided in Paragraph 1, the District shall immediately, upon notice from the Association, begin automatic payroll deduction of said fee as provided in Education Code Section 45061 in the same manner as set forth in Paragraph 1 of this Article.
3. a. Any unit member who is a member of a religious body whose traditional tenets or teaching include objections to joining or financially supporting employee organizations shall not be required to join or financially support the Association, except that such unit member shall pay, in lieu of a service fee as described in Article III, Item G, Paragraph 2, a sum equal to such service fee to one of the following non-religious, non-labor organizations,

charitable funds exempt from taxation under Section 501 (c) (3) of Title 26 of the Internal Revenue Code.

Proof of payment shall be in the form of receipts and/or cancelled checks indicating the amount paid, date of payment, and to whom payment in lieu of the service fee has been made. Such proof shall be presented on or before November 15 of each school year, or within thirty (30) days of claiming such exemption.
 - c. Any unit member making payments as set forth in Paragraphs 3(a) and (b) above, and who requests that the grievance or arbitration provisions of this Agreement be used in his or her behalf, shall be responsible for paying the reasonable cost of using said grievance or arbitration procedures.
4. With respect to all sums deducted by the District pursuant to Paragraphs 1 and 2 in Article III, Item G, whether for membership dues or equivalent fee, the District agrees promptly to remit such monies to the Association accompanied by an alphabetical list of unit members for whom such deductions have been made, categorizing them as to membership or non-membership in the Association, and indicating any changes in personnel from the list previously furnished. There shall be no charge to the Association for such deductions.
 5. The Association agrees to furnish any information needed by the District to fulfill the provisions of this Article.

6. a. The Association agrees to defend, indemnify and hold harmless the District against legal action by any unit member challenging the legality of this Article or its implementation. The Association shall have the exclusive right to decide and determine whether any claim, liability suit or judgment made or brought against the District or Association because of such action shall or shall not be compromised, resisted, defended, tried, or appealed.
- b. The District, immediately upon receipt of notice of such legal action against it, the Association, or both of them, shall inform the Association of such action, provide the Association with information and pertinent documents necessary for the Association's defense or settlement of such action and cooperate with the Association in its defense of such action.
- c. The Association, upon a compromise or settlement of such action, shall immediately pay to the parties to such action all sums due under such settlement or compromise.

Any impact on unit members' working conditions shall be negotiated prior to implementation as deemed appropriate. The District reserves the right to submit a grant application if the deadline necessitates it.
2. A list of members of District Committees on which teachers are serving will be provided to the Association in a timely manner. The Association shall designate one member of the committee to

act as a liaison between the Committee and the Executive Board of the Association. In the event that there is no member of the committee to act as a liaison, the Association and District will agree upon an additional member to represent WETA.

ARTICLE IV: EVALUATIONS

- A. 1. It is understood by the parties that unit members are continuously evaluated by their supervisors and superiors and that this formal evaluation procedure in no way limits such continuous evaluation. A permanent unit member who receives an annual rating of unsatisfactory shall have the opportunity to have the evaluation reviewed by the Superintendent. It is the unit member's responsibility to request the review. The method of review shall be determined by the Superintendent and unit member.
2. The District shall endorse a continuous process of observation and evaluation of unit members of the District. The objective of the process is to improve the quality of service in the District. Unit members will be evaluated consistent with the procedures for evaluation contained in Senate Bill 813.

B. Frequency

1. Each permanent unit member will be evaluated at least every other school year.
- a. The evaluation shall be completed no later than thirty days before the end of the school year.
- b. At least one written observation shall occur before December 15.
2. Each probationary unit member will be evaluated at least once per school year.
- a. The evaluation shall be completed by March 15.
- b. At least one written observation shall occur before December 15.
3. Notwithstanding section B.1 and B.2 above, unit members who meet each of the following conditions shall be evaluated every five years:
1. The employee has achieved permanent status;
 2. The employee has been employed by the District continuously as a certificated employee for at least ten (10) years;
 3. The employee is "highly qualified" as defined by 20 U.S.C. section 7801;

4. The employee was rated as meeting or exceeding standards in his or her previous evaluation;
5. Both the employee and the evaluator consent; and
6. Neither the employee nor the employee's current evaluator has withdrawn consent.

For the purposes of determining whether a bargaining unit member has been "employed by the District continuously as a certificated employee for at least ten (10) years," a bargaining unit member shall qualify if he/she has actually worked as a certificated employee in the District for fifty (50) percent or more of the number of days in the work year in each of the ten (10) years, whether or not such years are consecutive. For job share teachers, the percentage is fifty (50) percent of their job share agreement.

If consent is withdrawn at any time prior to December 1st then the employee shall be placed in the current year's evaluation cycle. If it happens after December 1st then the employee shall be placed in the evaluation cycle the following year.

An evaluator's decision to withhold or withdraw consent shall not be subject to the grievance procedure set out in Article V.

C. Initial Stage

1. Before the formal evaluation commences, the unit member and the evaluator shall meet to discuss the evaluation guidelines, objectives and procedures as contained in the Whittier City School District Teacher Evaluation Handbook. In the conference, factors such as students' particular problems, applicability of test results and adequacy of supplies and other support materials may be discussed. In areas where differences exist the evaluator's judgment shall prevail. However, the unit member shall have the prerogative of adding comments to the guidelines, objectives and procedures.

2. During the evaluation process the evaluator and the unit member may meet again to re-assess evaluation objectives.

D. Observations

1. Each evaluation shall be based upon at least two observations of at least twenty (20) minutes.
2. Individual observations or groups of observations will normally be followed by a conference between the evaluator and unit member to discuss the observations. The discussion will normally include strengths, weaknesses and recommendations for improvement, if any.

E. Final Stage

1. When the final written evaluation is completed, the unit member shall meet with the evaluator to discuss the evaluation.
2. No evaluation or evaluation observation report with derogatory material about the unit member shall be placed in the unit member's personnel file unless the unit member has had an opportunity to see the material, receive a copy, and make a written comment. If the unit member makes a written comment, the comment shall be included with the evaluation or evaluation observation report in the personnel file.

- F.** The evaluation shall be based upon direct observation of the unit member and other reliable information. Reliable information means information upon which a person can reasonably depend.

G. Personnel Files

1. There shall be a single personnel file for each unit member. The personnel file shall be kept in the central administrative office of the District.
2. All material placed in a bargaining unit member's personnel file shall be dated and signed by the person who caused the material to be prepared.
3. Materials in the personnel file of a unit member, except as noted below, shall be made available for inspection to the unit member involved. Unit members shall have the right to inspect and obtain a copy of personnel file materials, upon request. Upon authorization by the unit member, an

Association representative may review the unit member's file or accompany the unit member in his/her review of the file. Material which may be excluded from inspection shall be limited to ratings, reports, or records which:

- a. Were obtained prior to the employment of the unit member involved.**
 - b. Were prepared by identifiable examination committee members.**
 - c. Were obtained in connection with a promotional examination.**
- 4. Information of a derogatory nature, except material excluded in accordance with Section G.3 above, shall not be entered or filed unless and until the unit member is given notice and an opportunity to review and comment thereon.**

A unit member shall have the right to enter, and have attached to any such derogatory statement, his/her own comments thereon. Such review, and any preparation of comments in response to the material and/or statement, shall take place during normal business hours and the unit member shall be released from duty for this purpose without salary reduction.

- 5. Derogatory material shall be placed in the employee's file within a reasonable period after the event(s) giving rise to the preparation of the materials but in no event more than sixty (60) calendar days after the event. Documents created within the sixty (60) calendar day timeline shall not include any reference to other events outside the sixty (60) calendar day limit unless the unit member was verbally warned not to engage in similar conduct in the future or the District was unaware that the unit member had engaged in the conduct until after the timeline had passed.**
- 6. A unit member may request that derogatory material placed in his or her personnel file be sealed in a separate envelope if four years have passed since the event or situation occurred resulting in the preparation**

of the document. The sealed envelope cannot be opened unless by court order or by written permission given by the unit member.

7. **Materials that have not been placed in the personnel file as described herein may not be used for the purpose of any proposed suspension or dismissal of a unit member.**
8. **Access to a unit member's personnel file shall be limited to a "need to know" basis. Access authorization must be obtained from either the Superintendent or the Superintendent's designee. The contents of all personnel files shall be kept in strictest confidence. The District shall keep a log indicating the persons who have requested to examine a personnel file, the reason for the examination, as well as the dates such requests were made. Such log shall be available for examination by the unit member or her/his authorized Association representative.**

H. Instructional Aides Evaluations

1. **No unit member shall be requested to sign an evaluation on an instructional aide but may be asked to provide input.**

I. Public Charges/Complaints

Citizen complaints shall be processed as follows:

1. Informal

Complainants should first attempt to resolve a complaint informally with the involved unit member. If the involved unit member believes the allegations in the complaint warrant a meeting, the administrator receiving the complaint shall, within three (3) days of receiving the unit member's request, attempt to schedule a meeting between the unit member and the complainant. At the request of the unit member, an Association representative may be present at the meeting. If the complainant fails or elects not to attend the meeting, the complaint must be placed in writing within three (3) days after the date proposed for the meeting or the matter will be considered resolved/withdrawn.

2. Formal

In the absence of informal resolution of a public complaint, the complainant shall direct a written complaint to the unit member's immediate supervisor, who shall process the complaint as follows:

- a. After the receipt of a written public complaint, the immediate supervisor shall notify the involved unit member within three (3) days.
 - b. The immediate supervisor shall investigate the complaint, providing both parties every opportunity for explanation, comment and presentation of the facts as a basis for assessment and possible resolution within seven (7) days.
 - c. If deemed necessary by any of the parties, the immediate supervisor will attempt to schedule a meeting within the seven day timeline (Ref. 2.b) between the complainant, unit member and him or herself.
3. The complainant or the involved unit member may request within three (3) days a review by the Superintendent of the immediate supervisor's assessment and possible resolutions of the complaint. The Superintendent may respond based on a review of the existing record or, at his/her discretion, request additional evidence. Such additional evidence may include scheduling a meeting with both the complainant and the involved unit member for the purpose of obtaining supplemental facts and clarifying issues. The Superintendent's decision shall be issued within fourteen (14) days and shall be final, unless the complainant or involved unit member requests a review by the Board.
4. Request for review of the Superintendent's decision shall be in writing and shall be sent to the Secretary of the Board within three (3) days of receipt of the decision. The Secretary shall place on the agenda the request for review for the next Board meeting as a closed session item. The unit member shall have the right to be present at the closed session and have a representative present. The decision of the Board, upon

review of the complaint, shall be final and issued at that meeting. Notification of the decision of the Board shall be made to the complainant and the unit member in writing.

5. Complaints which are withdrawn, shown to be false, or are not sustained by the public charges procedure shall neither be placed in the unit member's personnel file nor utilized in any evaluation or disciplinary action against the unit member.
6. All information or proceedings regarding any complaint shall be kept confidential by the District. However, the District shall not be responsible for disclosures made by either the employee or the complainant.
7. No document of a derogatory or critical nature shall be prepared and/or placed in the personnel file of a unit member based on complaints received from students, parents, or citizens, unless the procedure contained in this article has been followed.

ARTICLE V: GRIEVANCES

A. Definitions

- 1. A GRIEVANCE is a claim by one or more unit members that there has been a violation, misinterpretation or misapplication of a provision of this Agreement.**
- 2. The AGGRIEVED PARTY is the unit member or unit members making the claim.**
- 3. A DAY is any day in which a unit member is required to render service to the District.**

B. Purpose

The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems which may from time to time arise affecting the welfare or working conditions of teachers. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

C. Procedure

- 1. Informal Level - Before filing a formal written grievance, the grievant shall attempt to resolve it by an informal conference with the grievant's immediate supervisor.**
- 2. Level I**
 - a. A grievance shall be presented in writing to the immediate supervisor using the grievance form within ten (10) days of the date the grievant knew or with due diligence should have known of the act or omission giving rise to the grievance. This statement shall be a clear, concise statement of the grievance, the circumstances involved, the decision rendered at the informal conference and the specific remedy sought. The immediate supervisor shall meet with the aggrieved party and/or designated Association representative within three (3) days of the receipt of the grievance. The immediate supervisor shall provide written disposition of the grievance including the reasons therefore to**

the grievant and Association President within two (2) days of such meeting.

- b. If the aggrieved party is not satisfied with the disposition of the grievance or if no disposition has occurred within two (2) days of such meeting or five (5) days from the date of presentation of the grievance, the grievance may be appealed to Level II, with a copy provided to the Association President.

3. Level II

- a. The Superintendent or his/her designee shall meet with the aggrieved party and designated Association representative within five (5) days of receipt of the grievance appeal and shall provide a written disposition of the grievance including the reasons therefore, within two (2) days of such meeting.
- b. If the aggrieved party is not satisfied with the disposition of the grievance or if no disposition has occurred within three (3) days of such meeting or eight (8) days from the date of the receipt of the grievance at Level II, the aggrieved party may request the Association to submit the grievance to arbitration.

4. Level III

- a. If the Association proceeds to arbitration, it shall notify the District in writing within twenty (20) days of the receipt of the grievance at Level II. Within ten (10) days of such notification, representatives of the District and the Association shall attempt to agree upon a mutually acceptable arbitrator and obtain a commitment from said arbitrator to serve. If no agreement can be reached within five (5) days, the parties shall request the American Arbitration Association/California Conciliation Service to supply a listing of five (5) names of persons who are experienced in arbitration. Each party shall alternately strike a name until only one name remains. The order of striking shall be determined by lot. The arbitrator shall, as soon as possible, hear

evidence and render a decision on the issue or issues submitted to him/her. If the parties cannot agree upon a submission agreement the arbitrator shall determine the issues by referring to the written grievance and the answers thereto at each step.

- b. The arbitrator's decision will be in writing and will set forth the findings of fact, reasoning and conclusions of the issues submitted. The arbitrator will be without power or authority to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement. However, it is agreed that the arbitrator is empowered to include in his/her recommendation any award such as financial reimbursement or other remedies as he/she judges to be proper. The arbitrator will have no power to add to, subtract from or modify the terms of this Agreement or the written policies, rules, regulations and procedures of the District. Issues arising out of the exercise by the Board and administration of its responsibilities under Article XII - DISTRICT RIGHTS, including the facts underlying its exercise of such discretion, shall not be subject to this procedure. After a hearing and after both parties have had an opportunity to make written arguments, the arbitrator shall submit in writing to all parties his/her findings and recommendations which shall be binding on the parties. By filing a grievance and processing it beyond Level II, the grievant expresses that the grievance/arbitration procedure is the chosen forum for resolving the issues contained in the grievance.
- c. If any question arises as to the arbitrability of the grievance, such question will be ruled upon by the arbitrator before he/she has had an opportunity to hear the merits of the grievance.
- d. All costs for the services of the arbitrator, including, but not limited to, per diem expenses, his/her travel and subsistence expenses and the cost of any hearing room, will be borne equally

by the Board and the Association. All other costs will be borne by the party incurring them.

D. Time Limits

1. Time limits provided for at each level shall begin the day following receipt of the grievance, grievance appeal or written decision.
2. Since it is important that grievances be processed as rapidly as possible, the time limits specified at each level should be considered to be maximums and every effort should be made to expedite the process. The time limits may, however, be extended by mutual agreement.
3. When a grievance is filed subsequent to May 1 and prior to the end of the school year, the time limits shall be regarded as calendar days, and a good faith effort will be made by the parties to resolve the issue prior to the end of the school year or within thirty (30) days thereafter.

E. Rights of Representation

1. A unit member alleging a grievance may be represented at all stages of the grievance procedure by an Association representative if requested by the unit member.

F. No Reprisals

1. No reprisals of any kind will be taken by the Superintendent or by any member or representative of the administration or the Board against any aggrieved party, any party in interest, any member of the Association or any other participant in the grievance procedure by reason of such participation.

G. Miscellaneous

1. Group grievances will be processed only if there is mutual agreement of the District and the Association or if the issues are identical; such a grievance will be handled as a single grievance. The Association on behalf of the affected unit members, may process a grievance which affects more than one unit member in more than one building at Level II.
2. If a grievance arises from action or inaction on the part of a member of the administration at a level above the principal or immediate

supervisor, the aggrieved party shall submit such grievance in writing directly to the Superintendent. The processing of such grievance will commence at Level II.

3. All documents, communications and records dealing with the processing of a grievance will be filed in a separate grievance file and will not be kept in the personnel file of any of the participants.
4. Forms for filing grievances, serving notices, taking appeals, making reports and recommendations, and other necessary documents shall be prepared by the District and given appropriate distributions so as to facilitate operation of the grievance procedure. The costs of preparing such forms shall be borne by the District.
5. Upon mutual agreement of the Association and the Superintendent, a grievance may be taken directly to arbitration.
6. A unit member may at any time present grievances to the employer, and have such grievance adjusted, without the intervention of the Association, as long as the adjustment is reached prior to arbitration and such adjustment is not inconsistent with terms of the written Agreement. If the unit member processes a grievance without the intervention of the Association, the Association will be notified of any proposed resolution of the grievance and allowed to share its views before the grievance is resolved.
7. When it is necessary for a representative designated by the Association to attend a grievance meeting or hearing during the day, he/she will, upon notice to the principal or immediate supervisor by the President of the Association, be released without loss of pay in order to permit participation in the foregoing activities. Any unit member who is requested to appear in such meetings or hearings as a witness will be accorded the same right.
8. The grievance process may be used to grieve any failure to follow the procedures set forth in the Academic Freedom Board Policy attached to

this agreement as Appendix G, or, if a change in that policy is made by the District without first negotiating such change with the Association.

ARTICLE VI: ASSIGNMENT, TRANSFER, & FILLING OF VACANCIES

A. Definitions

An assignment is the work site, grade, grade level, or subject area to which a unit member is employed to fulfill his/her contract duties.

A transfer is the movement of a unit member from one work location to another work location at a different work site.

A reassignment is the movement of a unit member from one subject area to another subject area or one grade level to another grade level at the same work location.

NOTE:

Moving from Alternative to non-Alternative or vice versa within the same grade within the same school is not considered a transfer or reassignment.

Moving from a combination class to either grade within the same school is not considered a transfer or reassignment.

A Vacancy is defined as follows:

End of School Year - any position that remains unfilled after preliminary assignments are made.

During the School Year - a position that becomes unoccupied due to a resignation, retirement, death, etc., or any promotional or newly created position.

Seniority is defined as the unit member's initial date of service in the bargaining unit with the following provisions.

1. Unit members with the same initial date of service shall have their seniority number determined through WETA/WCSD negotiations.
2. If a unit member is assigned to a non-bargaining unit position within the District, that unit member does not accrue seniority for the purposes of this Article while working on such an assignment.
3. A unit member's seniority shall accrue during layoff.
4. The District shall publish a District seniority list annually, effective November 1.

C. Voluntary Transfer/Reassignment

- 1. A unit member may submit a request for transfer to the District at any time, whether or not a vacancy exists. A unit member may also submit a request for a transfer subsequent to the posting of a vacancy notice pursuant to the posting procedure of this Article.**

2. If two (2) or more unit members with the appropriate credentials apply for a vacancy, transfer, or reassignment, the following criteria will be considered:
 - a. Factors related to the educational program such as appropriate training and experience;
 - b. Other factors may include credentials, major and minor fields of study, teacher experience (although this shall not exclude a teacher seeking change in subject area or grade level from consideration), special skills required by a particular assignment, (such as computer knowledge for a computer class, "signing ability" for speech therapists serving hearing-impaired students), racial and ethnic balance of the school, provided that no unit member within a major District ethnic/racial group is assigned to the school. Under no circumstances will this criteria result in the involuntary transfer or layoff of any bargaining unit member;
 - c. The factors above being equal among the applicants, the applicant with highest seniority in the District shall be accepted.
3. If a unit member's request for a voluntary transfer is denied, the unit member shall be granted, upon request, a meeting with the administrator who denied the request to discuss the reasons for the denial. The unit member may request and shall receive written reasons for the denial following said meeting.
4. If the unit member requests that his/her application for transfer be kept confidential, the principal at his/her school shall not be notified by Human Resources of the application until after an offer of transfer has been made, and the matter will be treated as confidential as practicable.

The 12-month period in which the 12 weeks of leave entitlement occurs shall commence on the date the employee's first family care or medical leave begins. The 12 weeks of family care and medical leave to which an employee is entitled under State law shall run concurrently with the 12 weeks of family care and medical leave to which an employee is entitled under federal law, except for any leave taken under federal law for disability on account of pregnancy, childbirth, or related medical conditions. Pursuant to Education Code Section 44977.5 and effective January 1, 2016, after a certificated employee exhausts available sick leave and continues to be absent from work due to maternity or paternity leave for up to 12 school weeks, the employee may receive the difference between his or her salary and the sum that is actually paid a substitute employee employed to fill his or her position during his or her absence. If no substitute is needed, the certificated employee may receive the

amount that would have been paid to a substitute had one been employed.

- b. Medical leave under this regulation may be taken intermittently or on a reduced leave schedule when medically necessary. The employee may be required to take the leave for periods of a particular duration (not to exceed the duration of the planned medical treatment) or, if permitted by law, to transfer temporarily to a different job that has the equivalent pay and benefits but could better accommodate recurring periods of leave.
- c. Leave taken for a birth, or placement for adoption or foster care, must be initiated within one year of the birth or placement.

4. Terms of Leave

- a. During the period of family care or medical leave, the employee may use his/her accrued vacation leave, other accrued time off, or any other paid or unpaid time off negotiated with the District.
- b. If an employee takes a leave because of the employee's own serious health condition, the employee may substitute accrued sick leave during the period of the leave taken pursuant to this section.
- c. Except as provided for in Section B, Article X (personal necessity), an employee may not use sick leave during a leave taken in connection with the adoption or foster care of a child or care for a child, parent or spouse due to a serious health condition.

5. Maintenance of Benefits

- a. During the period of family care or medical leave, the employee shall continue to be entitled to participate in the District's health plan and the District shall continue to pay the health care premium for the employee on the same terms as if the employee had continued to work during the period of the leave. However, after 12 weeks of family care or medical leave in any 12-month

period, the employee may be required to pay the health care premium for the remainder of the leave.

- b. The District may recover the premium that the District paid as required by State and federal law for maintaining coverage for the employee under the group health plan if both of the following conditions occur:
 1. The employee fails to return from leave after the period of leave to which the employee is entitled has expired.
 2. The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to leave under State or federal law or other circumstances beyond the control of the employee.

6. Reinstatement/Non-Discrimination

Upon granting an employee's request for family care or medical leave, the District shall guarantee to reinstate the employee in the same or a comparable position when the leave ends. Leave taken under this section shall not constitute a break in service and the unit member shall continue to accrue all benefits during this period.

7. Notification

- a. Leave under this provision shall commence on the date indicated by the employee in the leave notice provided to the immediate supervisor. This notice shall specify: that the leave is taken pursuant to this provision; the date that the leave commences; the anticipated pattern of leave use if the employee will not be absent continuously; and the anticipated date of return to continuous active service or best estimate thereof.
- b. If an employee on leave pursuant to this provision determines to resign or retire without returning to continuous active service, the employee shall provide written notice of such determination to the District, designating the last day of employment. Leave under this

provision shall terminate without further notice to the District on the next work day following the day designated by the employee as the last day of employment.

ARTICLE XI: SHARED TEACHING

- A. Definition - Job sharing is a plan whereby two (2) unit members represented by the bargaining unit would share voluntarily the teaching responsibilities of one full-time position.**
- B. Requirements - The unit member shall sign a one-year job sharing agreement in conformance with this Article. If the job sharing partner were not able to continue the program, the unit member agrees to return to full-time status. Job sharing plans may vary from school to school, but the opportunity for shared teaching should be equally available at all school sites. The exact percentage of student contact time the unit member will work will be agreed upon by the unit member involved and the principal, with no unit member working less than forty percent (40%) of the time. Both unit members shall put in the needed cooperative planning time to maintain consistency in curriculum and discipline. In addition, each team shall make arrangements to cover their adjunct duty responsibilities.**
- C. Compensation**
 - 1. Any reduction in unit member status from full-time will result in a proportionate reduction in unit member salary, benefits, STRS, and movement on salary schedule. Service rendered under the shared teaching portion of this Article shall accumulate towards credit for one (1) year service and movement on the salary schedule. That is, if a unit member serves fifty percent (50%) in one (1) school year and then serves fifty percent (50%) the second year, the unit member will make one (1) step advancement on the salary schedule at the beginning of the third school year.**

2. The total fringe benefit cost of the District, when two (2) unit members are employed in a shared teaching assignment, shall not be greater than if no job sharing existed. The unit members shall be entitled to receive prorated District fringe benefit coverage contributions in the same ratio as their individual service bears to their individual full-time employment and may purchase remaining insurance at District group rate.
3. Should either employee waive the insurance coverage, the other employee will be eligible for full family coverage.

D. Request Procedures

1. Request must be initiated by the unit member to enter into shared teaching.
2. Job-sharing unit members will submit a work plan that meets with the approval of the building principal no later than April 1 of the preceding year. This plan shall be submitted to the Assistant Superintendent of Human Resources.
3. Applications are subject to final approval by the Superintendent and the Board of Education.

E. Conformance of Contract

The plan submitted by the unit members will be in conformance with all articles and provisions of this contract.

ARTICLE XII – FULL-DAY KINDERGARTEN

A Full Day Kindergarten Program will be at schools based on space, facilities, and enrollment. Implementation will be gradual, with students attending the traditional a.m. 200-minute program beginning on the first day of school. On the first day of the fourth week of school the Full-Day Kinder classrooms will maintain the same start and dismissal times as the other primary classrooms.

A. Teacher Participation

In the event that an AM/PM class becomes open before school starts, the current AM/PM teacher will have first rights to the assignment.

The District assumes responsibility for publicizing the Full-day Kindergarten Program to the community and establishing a fair and equitable process of filling classes. Furthermore, the District will ensure that there will be instructional materials, equipment, and furniture commensurate with other District Kindergarten classrooms.

- C. **Classrooms:** Each year, the Option 2 classroom will be determined by first seeking volunteers. Acceptance of an Option 2 class assignment by a permanent status teacher on a voluntary reassignment basis will not jeopardize their right to move back to their original non-Option 2 grade level assignment the following year. In order to ensure an understanding of all parties in the grade levels potentially affected by this reassignment, a form will be signed by all parties involved. (Appendix L)
- D. **Planning Time:** Both the full-time teacher and the Option 2 teacher will receive 3 hours per week to collaborate for preparation of lesson plans, assessments, record keeping, and room environment. Both the full-time teacher and the Option 2 teacher will be compensated at the hourly rate from District funds.

ARTICLE XVI: SALARIES

A. **Introductory Statement:** The District and the Association have expressed a mutual interest in maintaining the Whittier City Teachers' Salary Schedule at a competitive level. There is also a mutual interest to attract qualified, fully credentialed teachers. In addition, both parties have expressed an interest to continue working together in a collaborative manner in salary negotiations. It is believed that this can be achieved through the use of mutually agreed upon objective criteria. In keeping with these interests, the District and the Association have targeted as a goal, adjustment of the salary schedule so it will rank 13 in the district comparison pool by the 2002-2003 contract year. The parties recognize that any procedure used to establish a fair and equitable salary schedule must also include consideration of the District's financial ability to fund that schedule. With these considerations in mind, the District and the Association agree to the following:

1. **Comparable Districts:** The comparable districts for salary schedule purposes, shall be the 36 districts in the agreed upon comparison pool (See Appendix I)
2. **Benchmarks for Comparisons:** Salary schedules of the 36 comparison school districts, as of June 30, shall be collected for the purpose of comparing two benchmarks on the salary schedules: BA + 30 at Step 6 and BA + 60 at Step 11. The comparison districts shall be ranked in order from the highest paying to the lowest for each benchmark.
3. **Cost of Living Adjustment:** For the 2000-2001, 2001-2002, and 2002-2003 contract years, the certificated salary schedule shall be increased by the same percentage increase to the base revenue limit (COLA) for public schools defined by the State Budget Act for that fiscal year and shall be implemented as of the first pay period of the new school year.
4. For the purposes of the 2000-2001 year of this agreement, an adjustment to the schedule shall be based on a comparison of the District's two benchmarks compared to the median. The percentage

difference between the District's benchmark at Step 6, BA + 30, and the median shall be calculated. The same process will be used to calculate the difference at Step 11, BA + 60. An average will be taken of the percentage difference (plus or minus) between the two benchmark calculations, described in the paragraph immediately above. This percentage shall then be used to adjust the salary schedule and shall be known as a Prior Year Adjustment (PYA). For the 2001-2002 year of this agreement, a Prior Year Adjustment shall be calculated and implemented using the same process described above except that instead of using the median, the district that is ranked three above the median (rank position 16) will be used. For the 2002-2003 year of this agreement, a Prior Year Adjustment shall be calculated and implemented using the same process described above except that instead of the district ranked at position 16, the district that is ranked six above the median (rank position 13) will be used.

- 5. Prior Year Adjustment Implementation and District Financial Protection: The Association recognizes that funding sources and expenditures are controlled at the State level. The Association also acknowledges that it is within the Governing Board's prerogative to determine the nature and scope of the educational program to be offered to the students of the District. The Prior Year Adjustment described in Section 4 shall be implemented with the first pay period of the school year. If, however, the District determines that funds are insufficient to pay that increase for the full school year and maintain a prudent reserve, the Association agrees that the increase may be suspended as required to protect the District's financial viability. If the district suspends implementation of the increase, the parties shall meet on or before January 15 of that school year for the purpose of reviewing the District's budget to determine if the period of the suspension can be reduced or eliminated. The District agrees that any suspension of the Prior Year Adjustment increase will terminate prior to the end of the school year at which time**

the teachers' salary schedule shall be reinstated with the Prior Year Adjustment fully included and become the base for the following year's computation. The Association agrees that should the District exercise the authority to implement a suspension of the Prior Year Adjustment increase after the parties had met to negotiate under this Section, said decision is not subject to dispute resolution procedures set forth in Government code Section 3548, e.g. Seq. Or 3543.5 nor Article V of the bargaining agreement.
